

TART RAISING FUNDS

CHRISTMAS FUNDRAISING GUIDE

Spread Christmas cheer and raise funds for your school, sports club, charity or community group with our Christmas Tart fundraiser!

HOW IT WORKS

It's simple, we sell Christmas Tarts to your organisation at a special price and you on-sell the tarts to your members at a higher price – the profit you make generates funds for your organisation. **This year you will make \$3 for every pack sold!**

Step 1 – Plan

Speak to your local Ferguson Plarre store to plan and book in your fundraiser. You'll need to plan carefully; think about the date you will collect the tarts and work backwards to plan how long you will need to raise awareness and collect orders from your community. You can find your local store here fergusonplarre.com.au/locations.

Step 2 – Promote

Tell your community about your tart fundraiser and distribute order forms so they can tell you how many packs of tarts they want to buy.

We recommend you create a letter to attach to the order form to explain why you're raising money and promote your fundraiser around your community with posters and flyers.

We have created some materials to help you, you can find them here fergusonplarre.com.au/fundraising.

Step 3 – Collect

Collect all the order forms and payments from your community, you can use our master order form to count and create a record of all individual orders. You'll need this to ensure you deliver the right tarts to the right people!

Step 4 – Place Your Order

Place your master order online or directly with your local store at least 7 days before you need to collect your tarts.

Step 5 – Collect and Distribute

Collect your tarts from your local store on your chosen day and distribute to your fundraisers. You can make payment on the collection day or anytime before.
